

PE PRIMARY FUNDING 2016-2017

St Oswald's receives Sports Premium funding from the Government and must use the funding to make additional and sustainable improvements to the quality of PE and sport which we offer.

This means that we use the premium to:

- develop and add to the PE and sport activities that we already offer;
- make improvements during the current academic year that will benefit pupils joining the school in future years;
- hire qualified sports coaches to work with teachers;
- provide existing staff with training or resources to help them teach PE and sport more effectively;
- introduce new sports or activities and encourage more pupils to take up sport;
- support and involve the least active children by running or extending school sports clubs and Change4Life clubs;
- engage children in sport competitions;
- increase pupils' participation in the School Games;
- run/compete in sports activities with other schools.

Moving forward

- During the following financial year, St Oswald's will be looking at storage solutions, to ensure we are able to purchase equipment that will allow staff to sustain the improvements we have already made.
- Staff will complete PE confidence survey and any areas where confidence is lacking, will be targeted and appropriate training will be provided. This will ensure that high levels of teaching are sustained.
- Working with the Sports Service, an action plan for the following year will be created, identifying any areas which are lacking. Funding will be used appropriately to tackle any problem areas.
